MOB OFFICIAL; ROAD ARMS ITS NON-UNION MEN

NIAGARA FALLS, Ont., July 20. — Rioting broke out in the Grand Trunk strike here to-day. One hundred men mobbed Superintendent C. S. Cunningham of the road. He took refuge in the telegraph office and was rescued by the police. The striking trainmen declare the employees were not responsible for the disorder.

ARMS ARE FURNISHED NON-UNION MEN.

With 15,000 employees idle and freight completely tied up throughout the whole system as a result of the strike on the Grand Trunk Railway the actual combat

the opposing forces began today with the efforts of the company to cut the traffic other than that of passenger trains. Non-union employees on freight trains were furnished with arms and told to protect themselves and the railroad property. The action of the company played an ominous aspect on the situation on this the second day of the actual strike, and it is feared that violence will follow.

CHARLESTOWN

A \$2,000 fire occurred in the two-story factory of Orpin Brothers at the rear of No. 121 Medford street, Charleston, at 12:50 o'clock this afternoon. The damage

was mainly to the roof, which caught from sparks from a nearby chimney and to the lumber used in desk manufacture stored on the second floor. The building is 100 by 50 feet with shingle roof and

is the third fire, says Manager Orpha, that has been suffered in a year, all from a similar source.

COLOMBIANS RIOT

BOGOTA, Colombia, July 20.—The American company which operates the street car system here resumed its services after a 10-day shutdown. Amalgams, Inc., of New York City, is the owner of the system. NA THING to be done, either. When the trouble began Maxwell Blake, the American Consul-General, went to the scene and mingled with the mob. He was received respectfully. It is not believed that the demonstrators would have taken to the streets if he had not intervened. In American towns the

regular feeling is against the operation of the line, and it is strictly boycotted.

MRS. G. A. HAM FALLS BETWEEN MOVING CARS

Mrs. Guy A. Ham, wife of former Assistant United States District Attorney Ham, had a narrow escape from death today when Mr. Ham snatched her from beneath the wheels of a moving train at the Field's Corner station of the New Haven Railroad.

Mr. and Mrs. Ham, together with Frederick C. Inghis, clerk of the Municipal Criminal Court, were boarding the train which leaves Field's Corner at 8:25. Mrs. Ham had mounted the steps, but the motion of the train caused her to lose her balance and she fell, sliding between two cars.

Mr. Ham and Mr. Ingalls were directly behind her, and the attorney with great presence of mind, in the nick of time, with a perilous position just in time to save her from being mangled.

Mr. Ham suffered no injury, but as might be expected received a severe nervous shock and her coat was badly torn. Mr. Ham was uninjured, while Mr. Ingalls sustained a few scratches from falling on the sidewalk. The train gave a remarkable exhibition of nerve.

At the moment the party continued to travel, stopping en route to Fallmouth, where her family is spending the winter.

It is not known whether the train was already in motion when the party tried to board it, or whether it had stopped after Mr. Ham had mounted the steps.

3,000 BOY SCOUTS HALTED THROUGH NEED OF DRILL MASTERS

DRILLMASTER'S BLANK.

NAME _____
ADDRESS _____
STATE WHAT MILITARY EXPERIENCE YOU HAVE
HAD _____

Fill this out and mail it to George H. Gordon, Secretary,
The American Boy Scout, New England Headquarters, No. 5
Bromfield Street, Boston, Mass.

ATTENTION! Officers in the Militia, non-commissioned officers, privates!

ATTENTION! You former officers of the Militia, non-commissioned officers, privates!

ATTENTION! Former members of the Boys' Brigade, High School Cadets, military societies!

Your services are very much needed by the American Boy Scouts. Three thousand of them marching time, eager to fight for friend, and battle with boys, small competent instructors.

No more worthy use of your military experience can be made. Tender your services at once. The patriots of ten boys each are rapidly taking definite form. More than thirty there are many more in your own immediate neighborhood. They are ready for you.

Fill Out the Blank at Once.

Fill out the drillmaster's blank on this page at once and mail it to the Secretary, The American Boy Scout, No. 5 Bromfield Street, Boston.

It is almost every town and city of New England there is a nucleus for a strong company of Scouts. Drillmasters are wanted for these. This letter shows the advantages of interest in the Scout movement. The New England Boy Scout, No. 5 Bromfield Street, Boston.

As pastor of the Pratt Memorial M. E. Church of this city, I have become very much interested in the American Boy Scout movement and desire to give you information you may be able to use in your own community. I want to put you in touch with Mr. George H. Gordon, Secretary, The American Boy Scout, No. 5 Bromfield Street, Boston.

Stops Itching at Once.

Quickly formulated a compound which possesses such soothing and curative properties that, when applied, it stops the itching of eczema and similar diseases immediately. Sufferers who use it are amazed at the rapidity of the relief which follows its use. The skin heals in an astonishingly short time and all traces of the disease are eradicated. The name of this new remedy is Calum, and it is sold by all druggists for 10c and 25c a box. It is also remarkably effective when used for acne, herpes, pimples, blackheads, psoriasis, itching piles, ringworm, salt rheum and skin diseases generally. A 10c. box will verify these statements.

head of the manual training department of the public schools. The Boy Scout idea appeals to the average boy, because centuries of a fighting ancestry have made him want to be a soldier. Every boy knows that boys are rarely able to hold their own before they are drilled.

In the absence of movements like the frequent spontaneous expression. A good illustration of this is found in the company of small boys organized by Dewey father of Coleridge Mass.

"Mother Made the Belts."

Dewey shows a picture of his company of small boys. He writes:

Enclosed you will find a picture of my company. I have been drilling them all winter. We are called the "Dewey Scouts." Association have a dozen boys all well drilled.

My father was a British soldier and has given me instructions in the military code. He has made me some small wooden guns.

My mother made our belts. The boys themselves got up entertainment in our church, and we made enough to buy our caps and a little besides. I am sure they will want to enlist in the American Boy Scout.

Dewey does not say how old he and his friends are, but these pictures in today's AMERICAN shows their age. Also it shows that the American Boy Scout movement is a national movement, and that it is of military life to mind boys.

Boy Soldier in England.

Another boy, whose picture is shown today, is Wilfred Robinson, seventeen years old, of No. 20 Rutland Street, Putney, London. He is a member of the British Boy Scouts. He writes:

I have the honor to send you my application, as indicated. I am not yet quite fifteen, but I am going for a Scoutmaster. I am a member of the British Boy Scouts. I am a member of the British Boy Scouts. I am a member of the British Boy Scouts.

Paul Russ Moore, the fifteen-year-old son of Mr. John M. Moore of No. 21 Society Street, Alton, the secretary of the Alton Boy Scouts, writes:

Society shows that a real live boy can do more than to carry on a game, but to receive and educate himself. Paul Russ Moore, the fifteen-year-old son of Mr. John M. Moore of No. 21 Society Street, Alton, the secretary of the Alton Boy Scouts, writes:

Paul prepared a neat poster for his friends, which stated briefly that he had been elected Scoutmaster of the Alton Boy Scouts, and that he had only three months left to go to the Scoutmaster's camp. He had a chance to go to Europe this year.

RUNAWAY SEGER GIRL ARRESTED

WORCESTER, July 20.—Alto M. Seger, the East Boston runaway girl, is under arrest in this city by police through identification established by the picture published in the Boston American yesterday.

Miss Seger, who was questioned at the station house, admitted her identity and said that she had been sleeping with relatives in Shrewsbury and that she ran away from home because she did not like the work she had been doing.

Inspector John Casey met a striking car after getting a telephone tip and when he held the girl up she readily acknowledged him. Her files were notified and will take her home.

WANT TO BAR THE GLANSMAN

Predictions that Mr. "The Glansman," which is being produced at the American Music Hall, allowed to run the entire week, it will engender trouble between the white and colored people here, and may even result in the bombing of the theater, were made at a hearing before Mayor Fitzgerald.

It was represented that the play tends strongly to breed race hatred and that even in Boston it is likely to cause serious trouble.

It was agreed that the Mayor and a committee of five would meet Mr. Morrison at the Mayor's office, this afternoon, to further consider the matter.

Among those who voiced protest against the play were Fred J. McLeod, chairman of the American Music Hall, and the Rev. Mr. W. M. Butler and James H. Watt.

He had got up a new trick, and the railroad, claiming it was harder than the one he had, the accident sent him from the barrel put on his legs and gave him a permanent injury before Judge and jury considered the case. The court found that Denno was a good clown of recovery.

Miss Hazard
Resigns From
Wellesley

By ELIZABETH ELLIOTT.

THE resignation of Miss Hazard
from the Wellesley College
board of trustees, which was
announced last night, is the
first of the kind since the
college was founded. Miss Hazard
has been a member of the board
since its organization, and her
resignation is a serious blow to
the college.

ST. LOUIS AUTO CROSSES CIRCLE OF THE ARCTIC

ST. LOUIS, July 20.—The invasion of the Arctic circle by the automobile is an established fact.

Oscar T. Parns, a wealthy native of St. Louis, but more recently established at Tampa, Fla., crossed the Arctic circle on July 2 with the American flag flying from the steering gear. He has written to friends here of the achievement, declaring he crossed the circle at most 220 miles directly across of Siberia, Sweden.

This was the second attempt Parns made to enter the territory with his motor car. The first was in April, 1909, when he crossed the Arctic circle on the same day of the year. He has been a faithful driver of the car, and he has been a faithful driver of the car, and he has been a faithful driver of the car.

TO-DAY'S STOCK MARKETS; LATEST FINANCIAL NEWS

NEW YORK, July 20.—Irregularity marked the opening of the stock market today, some of the standard issues making fractional gains while others yielded under moderate pressure. Amalgamated Copper was an exception to the more or less listless movement of call and industrial shares. It opened up with a gain of one-half point, but its advance in London was better.

arch of the wooded hills?
You'll arise from idle dreaming

By PERCY SHAW

If you want an education
Apropos of your vacation,
Consult the Summer folder in an open
state of mind:
You will speedily discover
"Ere you reach the ether cover,
That not a trip is missing save the one
you want to find.

Am you fond of sporty fishing?
Have you secretly been wishing
You could hide from city dust and noise
And whip the trouty ribs?
Or are you daff on camping,
Shooting deer and mountain tramping
Where the coney lears go stalling,
munching of the wooded hills?
